\$10,000 SEMARD to myone who can disprove this statement.

W. L. Douglas \$3.50 shoes have by their excellent style, easy ditting, and superior wearing qualities, achieve the largest sale of any \$3.50 shoe in this world. They are just as good as shose that cost you \$5.00 to \$7.00 — the only difference is the price. If I could take you into my factory at Brackton, Mass., the largest in the world under one roof making men's line shoes, and show you the care with which every pair of Douglas shors is made, you would realize why W. L. Douglas \$3.50 shoes are the best shoes made in my factory and those of other makes, you would understand why Douglas \$3.50 shoes creat more to make, why thez hold their shape, fit better, wear longer, and are of greater intrinsic value than any other \$3.50 shoes on the market to-day.
